

Rules and Info

The aim of the “Car Rally” is to create a fun and joyful atmosphere where people can get together and have fun.

Some rules are required to ensure that everything runs smoothly.

- 1.) This is not a drive as fast as you can activity. Road Rules apply at any time.
- 2.) It is each team’s own responsibility to ensure the roadworthiness of their vehicle.
- 3.) Everyone participates at their own risk and by attending any function agree to all rules and regulations they encounter while in the pursuit of fun and adventure.
- 4.) Any complaints have to be brought to the Judge(s) for evaluation. No complaint will be heard after statement of the final result.
- 5.) Judges decision is final.
- 6.) While it is up to each team on how they arrive at each answer, no tampering with clues is permitted. (it not only is unfair – but will result in the team being struck off the list. There will be no reimbursement of fees.)
- 7.) Note that some questions ask to look for clues located on private property. Unless it states in the question to approach the owner of the property, NO-ONE is permitted to harass the people that have generously agreed to let us make use of items on their property. (We rely on volunteers to help and make events like this as enjoyable, fun filled and entertaining as possible)
- 8.) Unless advised otherwise all measurements are in grams or millimetres.
- 9.) A minimum of 2 and a maximum of 4 people per car is permitted.
- 10.) Only teams with fees paid in full and no outstanding amounts will be permitted to participate.
